ABOUT EXHIBITION

For the 21st time international exhibition of equipment for milk and dairy production DairyTech was held with incredible success and confirmed the status of the key meeting point for dairy industry specialists.

The DairyTech 2023 exposition demonstrated wide range of equipment, technological solutions and services for dairy industry, as well as for butter and cheese making.

ABOUT EXHIBITION

For exhibitors

DairyTech – is the key sales tool, which makes it possible to demonstrate equipment, services and products to the end-buyers and decision-makers.

For visitors –

it is an opportunity to find new suppliers in a changing market, choose best sales offers, explore new equipment and relevant technological solutions in order to modernize their manufacturing facility and make it more effective.

DAIRYTECH SECTORS

EXHIBITORS' FEEDBACK ON DAIRYTECH

believe that DairyTech is important for business growth and development*

rated exhibiting at DairyTech as a positive experience*

plan to exhibit at DairyTech 2024*

We participate in DairyTech on regular basis and this year is not an exception. Today we are showcasing new types of equipment. For our company participating in DairyTech is an opportunity to make a statement, demonstrate novelties, get new contacts that will generate new sales.

PROFITEX

For our company DairyTech is the main exhibition. We expand our customer base due to the contacts collected here. Since the exhibition is held at the beginning of the year it helps us to make plans for the next year. We can maintain relationships with new customers and strengthen them with the current ones.

Bertsch Foodtech

We believe that DairyTech is the main industry exhibition and the main meeting point for industry professionals. It's very exciting that there are a lot of visitors even in the opening day.

MARBO TECHNOLOGY

We exhibit at DairyTech for the third time already. The exhibition is attended by specialists who come here searching new partners. Every year we extend our stand and this year it is twice bigger. We plan to participate in DairyTech in 2024 as well.

UZERMAK
